

VOCALIST BARBARA ROSENE NOW FEATURED AND PERFORMING WITH THE NORTHCOAST BIG BAND

The Northcoast Big Band is pleased to announce the addition of Barbara Rosene to the band's professional Membership Roster.

Band Manager Karl Dustman made the announcement in preparation for the band's summer performance schedule.

"Barbara performs regularly in New York and we are thrilled to have her vocal artistry with the band when she is in Cleveland. She brings a beautiful dimension to the music we perform, adding the warmth, passion and true understanding of how each tune can touch her audience. We are so fortunate to have her singing and performing with the Northcoast Big Band", commented Karl.

Barbara Rosen brings an established international career, sharing stages with The Harry James Orchestra, Vince Giordano and The Nighthawks, the late Les Paul at New York's Iridium Jazz Club and other notables. A diverse list of prominent venues for her vocal performances includes Lincoln Center's Rose Hall, the Montreal Jazz Festival, Night Town/Cleveland, Blues Alley/Washington DC, Blu Jazz/Akron and the Hotel Villa Flori at Lake Como.

With several of her own successful CD's already released, she spotlights the great composers and vocalists of the 1920's and 30's. She will be featured on the Northcoast Big Band's forthcoming recording now in post-production.
